SUBJECT: CALNET 2 RATE REDUCTION FOR VERIZON MSA 3

As an interim solution the California Department of Technology and Verizon are lowering existing CALNET 2 rates on Master Services Agreement ([MSA 3: Internet Protocol \(IP\) Voice, Data & Video Services](#)), which will be transitioning to CALNET 3 Category 1 Voice and Data Services Contract rates (awarded to Verizon on November 15th, 2013).

The CALNET 2 rate reduction will affect Verizon customer's June 2014 Monthly Recurring Charges (MRC), which will then be reflected on their July 2014 invoice.

After Verizon's Transition from CALNET 2 to CALNET 3 is complete the lower rates will remain in affect and continue to bill on CALNET 3 customer invoices. The new CALNET 3 rates will lower some of the Products and Features currently billing on customer's MRC for Multiprotocol Label Switching (MPLS), Hosted IP Centrex (HIPC) and Audio and Video Conferencing services with savings greater than 20% on the majority of products.

The new CALNET 3 invoices will be located on Verizon's new Enterprise Center Web site, which is projected to be operational by September 2014. The URL to Verizon's new Enterprise Center Web site will be provided to existing CALNET 2 customers prior to September 2014.

CALNET 3 Contractor Product Catalogs and pricing can be found on the [CALNET 3 Web Site](#) or through the direct link to Verizon's Product Catalog www.CALNET3.verizon.com.

If you have further questions, please direct them to the following:

Verizon PMO: Dede Black 916-779-5626 Dolores.e.black@verizon.com
OTech CMO: Shelley Brown 916-657-9243 Shelley.Brown@state.ca.gov

Please share this information with your accounting/accounts payable staff.
